

The Journal OF THE *House of Representatives*

Number 29

Wednesday, April 17, 2013

The House was called to order by the Speaker at 11:30 a.m.

Prayer

The following prayer was offered by Father Gilbert Medina of St. Mary of the Lakes Catholic Church in Eustis, upon invitation of Rep. Nelson:

In remembrance and honor of the victims of the Boston Marathon attacks let us pause for a moment of silence.

Heavenly Father, relieve the suffering of the victims of this tragedy. Grant healing to those who were injured, strength and comfort to those who lost loved ones, and peace of mind to all those affected by this act of terror. Protect us from all the violence of others, keep us safe from the weapons of hate, and restore us to tranquility and peace with a renewed faith in your protection and care. And as we begin this legislative session, let us call upon the Lord to guide us. We stand before You, Holy Spirit, conscious of our sinfulness, but aware that we gather in Your name. Come to us, remain with us, and enlighten our hearts. Give us light and strength to know Your will, to make it our own, and to live it in our lives. Guide us by Your wisdom, support us by Your power, for You are God, sharing the glory of Father and Son. You desire justice for all. Enable us to uphold the rights of others. Do not allow us to be misled by ignorance or corrupted by fear or favor. Unite us to Yourself in the bond of love and keep us faithful to all that is true. As we gather in Your name, may we temper justice with love so that all our discussions and reflections may be pleasing to You and earn the reward promised to good and faithful servants. We ask this of You, who live and reign with the Father and the Son, one God, for ever and ever. Amen.

Amendment 1 (with title amendment)—Remove lines 1243-1357 and insert:

(hh) The Legislature finds that it is in the public interest that sinkhole loss claims be resolved by stabilizing the land and building and making repairs to the foundation of damaged property. Therefore, a Citizens Sinkhole Stabilization Repair Program shall be established by the corporation. By March 31, 2014, any claim against a corporation policy that covers residential sinkhole loss for which it is determined that a covered sinkhole loss has occurred must be included in and governed by the repair program for the purpose of stabilizing the land and building and making repairs to the foundation. For the purposes of this paragraph, the term "stabilization repairs" means stabilizing the land and building and making repairs to the foundation; the term "stabilization repair contractor" means a contractor who stabilizes the land and building and makes repairs to the foundation of damaged property; the term "engineering report" means the report issued pursuant to s. 627.7073(1); and the term "recommendation of the engineer" means the recommendation of the engineer engaged by the corporation pursuant to s. 627.7073(1)(a)5. The corporation shall pay for other repairs to the structure and contents in accordance with the terms of the policy. The stabilization repair program may be managed by the corporation or a third-party administrator and, at a minimum, must include the following components:

1. The corporation may not require the policyholder to advance payment for repairs.

2. Stabilization repairs shall be conducted by approved stabilization repair contractors within a stabilization repair contractor pool procured by the corporation pursuant to an open and transparent process. Each stabilization repair contractor within the pool must be qualified and approved by the corporation based upon criteria, including the following minimum requirements:

a. The stabilization repair contractor must be certified as a contractor pursuant to s. 489.113(1).

b. The stabilization repair contractor corporate entity must demonstrate experience in stabilization of sinkhole activity pursuant to criteria to be established by the corporation.

c. The stabilization repair contractor must demonstrate capacity to be bonded and provide performance, surety, or other bonds as described in this paragraph, which may be supplemented by additional requirements as determined by the corporation.

d. The stabilization repair contractor shall demonstrate insurance coverage requirements, including, but not limited to, commercial general liability coverage and workers' compensation, to be established by the corporation.

e. The stabilization repair contractor shall maintain a valid Drug Free Workplace program.

f. Such other requirements as established by the corporation.

3. Pursuant to the stabilization repair program, qualified stabilization repair contractors shall be selected from the approved stabilization contractor pool to stabilize the land and building and repair the foundation of the damaged property pursuant to a fixed-price contract between the contractor and the corporation. Such contracts are not subject to s. 627.351(6)(e) or s. 287.057. Pursuant to the terms of the contract, the selected stabilization repair contractor is solely responsible for the performance of all necessary stabilization repairs specified in the engineering report and the recommendations of the engineer.

4. The corporation shall develop a standard stabilization repair contract for the purpose of stabilizing the land and building and repairing the foundation of

all properties within the program. The contract shall include the following minimum requirements:

a. The assigned stabilization repair contractor shall agree to complete all stabilization repairs identified in the engineering report and the recommendations of the engineer based upon a fixed price.

b. Each stabilization repair contractor shall post a payment bond in favor of the corporation as obligee for each project assigned to that contractor and shall also post a performance bond, secured by a third-party surety, in favor of the corporation as obligee, in an amount equal to the total cost of all fixed-price contracts annually awarded to that contractor.

c. In addition to the required performance bond, each stabilization repair contractor shall provide a warranty, secured by a third-party surety, to the policyholder that covers all repairs provided by the contractor for at least 5 years after completion of the stabilization repairs.

d. Throughout the course of the stabilization repairs performed by the contractor, the engineer shall monitor the property and confirm that the stabilization has been satisfactorily completed and that no further stabilization is necessary to remedy the damage identified in the engineering report and the recommendations of the engineer.

e. If the engineer concludes that additional stabilization repair is necessary to complete the stabilization repairs specified in the engineering report and the recommendations of the engineer, the stabilization repair contractor shall be required to perform the additional stabilization repairs at no additional cost to the corporation or the policyholder. The contract between the corporation and the contractor shall contain provisions specifying the remedy and sanctions for failing to perform additional repairs pursuant to this sub-subparagraph.

5. The corporation shall enter into contracts to perform repairs pursuant to a process that includes, but is not limited to, the following requirements:

a. Within 30 days after the completion of the engineering report, such report shall be identified on a list that shall be made available to all stabilization contractors procured within the program.

b. The corporation shall establish a selection process for assigning stabilization repair contractors to perform repairs for each property within the program, including the following requirements:

(I) All stabilization repair contractors within the stabilization repair contractor pool shall be provided with an opportunity to submit an offer, which includes an itemized statement of work, to perform the stabilization repairs recommended in the engineering report.

(II) The corporation shall review the offers and provide the policyholder with a list of stabilization repair contractors. The policyholder shall be provided a reasonable time, not to exceed 30 days, to participate in the selection by choosing the stabilization repair contractor from among those qualified contractors on the list provided by the corporation. If the policyholder has not made a selection within the 30-day period described in this sub-sub-subparagraph, then the corporation may make the selection. The corporation may reserve the right to include any or all contractors on the list based upon quality, cost effectiveness, and such other criteria as the corporation shall determine.

c. In the event that no stabilization repair contractor submits an offer to perform the stabilization repairs for a property within the program or all offers are above the policyholder's policy limit, the corporation may enter the property into the selection process again or the corporation may pay to the policyholder an amount up to the policy limits on the structure.

6. The corporation is not responsible for serving as a repair contractor. The corporation's obligations pursuant to the stabilization repair program are not an election to repair by the corporation and, therefore, do not imply or result in a new contractual relationship with the policyholder.

7. The corporation's liability related to repair activity, including stabilization repairs pursuant to the sinkhole stabilization repair program and all other repairs to the structure in accordance with the terms of the policy, is no greater than the policy limits on the structure.

8. Nothing in this section shall be construed to prohibit the corporation from establishing a managed repair program for other repairs to structures in accordance with the terms of the policy.

9. If a dispute arises between the corporation and the policyholder as to the nature or extent of stabilization repairs to be conducted under the program, the sole remedy for resolving such disputes shall be specific performance.

10. This paragraph supersedes s. 627.707(5)(a)-(d).

(ii) A policy for residential property insurance issued by the corporation shall include a deductible amount applicable to sinkhole losses which shall be offered in amounts equal to 2 percent, 5

So the bill passed and was certified to the Senate.

HB 1157—A bill to be entitled An act relating to health flex plans; amending s. 408.909, F.S.; revising the expiration date to extend the availability of health flex plans to low-income uninsured state residents; providing an effective date.

—was read the second time by title.

Representative Powell offered the following:

(Amendment Bar Code: 592817)

Amendment 1 (with title amendment)—Remove everything after the enacting clause and insert:

Section 1. Section 408.909, Florida Statutes, is amended to read:
408.909 Health flex plans.—

(1) **INTENT.**—The Legislature finds that a significant proportion of the residents of this state are unable to obtain affordable health insurance coverage. Therefore, it is the intent of the Legislature to expand the availability of health care options for low-income uninsured state residents by encouraging health insurers, health maintenance organizations, health-care-provider-sponsored organizations, local governments, health care districts, or other public or private community-based organizations to develop alternative approaches to traditional health insurance which emphasize coverage for basic and preventive health care services. To the maximum extent possible, these options should be coordinated with existing governmental or community-based health services programs in a manner that is consistent with the objectives and requirements of such programs.

(2) **DEFINITIONS.**—As used in this section, the term:

(a) "Agency" means the Agency for Health Care Administration.

(b) "Office" means the Office of Insurance Regulation of the Financial Services Commission.

(c) "Enrollee" means an individual who has been determined to be eligible for and is receiving health care coverage under a health flex plan approved under this section.

(d) "Health care coverage" or "health flex plan coverage" means health care services that are covered as benefits under an approved health flex plan or that are otherwise provided, either directly or through arrangements with other persons, via a health flex plan on a prepaid per capita basis or on a prepaid aggregate fixed-sum basis. The terms may also include one or more of the excepted benefits under s. 627.6561(5)(b), the benefits under s. 627.6561(5)(c), if offered separately, or the benefits under s. 627.6561(5)(d), if offered as independent, noncoordinated benefits.

(e) "Health flex plan" means a health plan approved under subsection (3) which guarantees payment for specified health care coverage provided to the enrollee who purchases coverage directly from the plan or through a small business purchasing arrangement sponsored by a local government.

(f) "Health flex plan entity" means a health insurer, health maintenance organization, health-care-provider-sponsored organization, local government, health care district, other public or private community-based organization, or public-private partnership that develops and implements an approved health flex plan and is responsible for administering the health flex plan and paying all claims for health flex plan coverage by enrollees of the health flex plan.

(3) PROGRAM.—The agency and the office shall each approve or disapprove health flex plans that provide health care coverage for eligible participants. A health flex plan may limit or exclude benefits otherwise required by law for insurers offering coverage in this state, may cap the total amount of claims paid per year per enrollee, may limit the number of enrollees, or may take any combination of those actions. A health flex plan offering may include the option of a catastrophic plan supplementing the health flex plan.

(a) The agency shall develop guidelines for the review of applications for health flex plans and shall disapprove or withdraw approval of plans that do not meet or no longer meet minimum standards for quality of care and access to care. The agency shall ensure that the health flex plans follow standardized grievance procedures similar to those required of health maintenance organizations.

(b) The office shall develop guidelines for the review of health flex plan applications and provide regulatory oversight of health flex plan advertisement and marketing procedures. The office shall disapprove or shall withdraw approval of plans that:

1. Contain any ambiguous, inconsistent, or misleading provisions or any exceptions or conditions that deceptively affect or limit the benefits purported to be assumed in the general coverage provided by the health flex plan;

2. Provide benefits that are unreasonable in relation to the premium charged or contain provisions that are unfair or inequitable or contrary to the public policy of this state, that encourage misrepresentation, or that result in unfair discrimination in sales practices;

3. Cannot demonstrate that the health flex plan is financially sound and that the applicant is able to underwrite or finance the health care coverage provided; or

4. Cannot demonstrate that the applicant and its management are in compliance with the standards required under s. 624.404(3).

(c) The agency and the Financial Services Commission may adopt rules as needed to administer this section.

(4) LICENSE NOT REQUIRED.—Neither the licensing requirements of the Florida Insurance Code nor chapter 641, relating to health maintenance organizations, is applicable to a health flex plan approved under this section, unless expressly made applicable. However, for the purpose of prohibiting unfair trade practices, health flex plans are considered to be insurance subject to the applicable provisions of part IX of chapter 626, except as otherwise provided in this section.

(5) ELIGIBILITY.—Eligibility to enroll in an approved health flex plan is limited to residents of this state who:

(a)1. Have a family income equal to or less than 300 percent of the federal poverty level;

2. Are not covered by a private insurance policy and are not eligible for coverage through a public health insurance program, such as Medicare or Medicaid, or another public health care program, such as Kidcare, and have not been covered at any time during the past 6 months, except that:

a. A person who was covered under an individual health maintenance contract issued by a health maintenance organization licensed under part I of chapter 641 which was also an approved health flex plan on October 1, 2008, may apply for coverage in the same health maintenance organization's health flex plan without a lapse in coverage if all other eligibility requirements are met; or

b. A person who was covered under Medicaid or Kidcare and lost eligibility for the Medicaid or Kidcare subsidy due to income restrictions within 90 days prior to applying for health care coverage through an approved health flex plan may apply for coverage in a health flex plan without a lapse in coverage if all other eligibility requirements are met; and

3. Have applied for health care coverage as an individual through an approved health flex plan and have agreed to make any payments required for participation, including periodic payments or payments due at the time health care services are provided; or

(b) Are part of an employer group of which at least 75 percent of the employees have a family income equal to or less than 300 percent of the federal poverty level and the employer group is not covered by a private health insurance policy and has not been covered at any time during the past 6 months. If the health flex plan entity is a health insurer, health plan, or health maintenance organization licensed under Florida law, only 50 percent of the employees must meet the income requirements for the purpose of this paragraph.

(6) RECORDS.—Each health flex plan shall maintain enrollment data and reasonable records of its losses, expenses, and claims experience and shall make those records reasonably available to enable the office to monitor and determine the financial viability of the health flex plan, as necessary. Provider networks and total enrollment by area shall be reported to the agency biannually to enable the agency to monitor access to care.

(7) NOTICE.—The denial of coverage by a health flex plan, or the nonrenewal or cancellation of coverage, must be accompanied by the specific reasons for denial, nonrenewal, or cancellation. Notice of nonrenewal or cancellation must be provided at least 45 days in advance of the nonrenewal or cancellation, except that 10 days' written notice must be given for cancellation due to nonpayment of premiums. If the health flex plan fails to give the required notice, the health flex plan coverage must remain in effect until notice is appropriately given.

(8) NONENTITLEMENT.—Coverage under an approved health flex plan is not an entitlement, and a cause of action does not arise against the state, a local government entity, or any other political subdivision of this state, or against the agency, for failure to make coverage available to eligible persons under this section.

(9) PROGRAM EVALUATION.—The agency and the office shall evaluate the pilot program and its effect on the entities that seek approval as health flex plans, on the number of enrollees, and on the scope of the health care coverage offered under a health flex plan; shall provide an assessment of the health flex plans and their potential applicability in other settings; shall use health flex plans to gather more information to evaluate low-income consumer driven benefit packages; and shall, by January 1, 2005, and annually thereafter, jointly submit a report to the Governor, the President of the Senate, and the Speaker of the House of Representatives.

~~(10) EXPIRATION.—This section expires July 1, 2013.~~

Section 2. This act shall take effect June 30, 2013.

TITLE AMENDMENT

Remove everything before the enacting clause and insert:

A bill to be entitled

An act relating to health flex plans; amending s. 408.909, F.S.; revising the definition of the terms "health care coverage" or "health flex plan coverage" to include certain specified benefits; deleting the section's expiration date; providing an effective date.

HM 545—A memorial to the United States Congress and the President of the United States, urging Congress and the President to protect the constitutional right of the people to keep and bear arms.

WHEREAS, the Second Amendment to the United States Constitution and Section 8, Article I of the State Constitution protect an individual's right to keep and bear arms, and

WHEREAS, the Supreme Court of the United States has found that the Second Amendment protects the right of individuals to possess any bearable arms commonly used for lawful purposes, and

WHEREAS, the President of the United States has made clear his intent to urge Congress to pass legislation that would restrict the lawful acquisition and possession of firearms and ban many firearms commonly used for self-defense, hunting, competition, and target shooting, and

WHEREAS, the Supreme Court of the United States has recognized that the principles of separate sovereignty, as embodied in the Tenth Amendment to the United States Constitution, prohibit the Federal Government from requiring the state or its officers to take part in any federal gun control scheme, and

WHEREAS, it is the duty of the Legislature to exercise all of its lawful authority and power to protect the right of the people of this state to keep and bear arms, NOW, THEREFORE,

Be It Resolved by the Legislature of the State of Florida:

That it is the sense of the Legislature that the proposals of the President of the United States to restrict the arms available to law-abiding citizens violate the United States Constitution and that the Legislature, on behalf of the government and citizens of the state, hereby notifies the Congress and the President that it intends to lawfully use all of its authority and power to resist or overturn any federal gun control measure that violates the right of the people of this state to keep and bear arms.

BE IT FURTHER RESOLVED that copies of this memorial be dispatched to the President of the United States, to the President of the United States Senate, to the Speaker of the United States House of Representatives, and to each member of the Florida delegation to the United States Congress.

Representative Roberson, K. offered the following:

(Amendment Bar Code: 819435)

Amendment 1 (with directory and title amendments)—Between lines 91 and 92, insert:

(j) An onsite sewage treatment and disposal system ~~for a single family residence that is~~ designed by a professional engineer registered in the state and certified by such engineer as complying with performance criteria adopted by the department must be approved by the department subject to the following:

1. The performance criteria applicable to engineer-designed systems must be limited to those necessary to ensure that such systems do not adversely affect the public health or significantly degrade the groundwater or surface water. Such performance criteria shall include consideration of the quality of system effluent, the proposed total sewage flow per acre, wastewater treatment capabilities of the natural or replaced soil, water quality classification of the potential surface-water-receiving body, and the structural and maintenance viability of the system for the treatment of domestic wastewater. However, performance criteria shall address only the performance of a system and not a system's design.

~~2. The technical review and advisory panel shall assist the department in the development of performance criteria applicable to engineer-designed systems.~~

~~2.3.~~ A person electing to utilize an engineer-designed system shall, upon completion of the system design, submit such design, certified by a registered professional engineer, to the county health department. The county health department may utilize an outside consultant to review the engineer-designed system, with the actual cost of such review to be borne by the applicant. Within 5 working days after receiving an engineer-designed system permit application, the county health department shall request additional information if the application is not complete. Within 15 working days after receiving a complete application for an engineer-designed system, the county health department either shall issue the permit or, if it determines that the system does not comply with the performance criteria, shall notify the applicant of that determination and refer the application to the department for a determination as to whether the system should be approved, disapproved, or approved with modification. The department engineer's determination shall prevail over the action of the county health department. The applicant shall be notified in writing of the department's determination and of the applicant's rights to pursue a variance or seek review under the provisions of chapter 120.

~~3.4.~~ The owner of an engineer-designed performance-based system must maintain a current maintenance service agreement with a maintenance entity permitted by the department. ~~The maintenance entity shall obtain a biennial system operating permit from the department for each system under service contract. The department shall inspect the system at least annually, or on such periodic basis as the fee collected permits, and may collect system effluent samples if appropriate to determine compliance with the performance criteria. The fee for the biennial operating permit shall be collected beginning with the second year of system operation.~~ The maintenance entity shall inspect each system at least twice each year and shall report quarterly to the department on

the number of systems inspected and serviced. The reports may be submitted electronically.

4. The property owner of an owner-occupied, single-family residence may be approved and permitted by the department as a maintenance entity for his or her own performance-based treatment system upon written certification from the system manufacturer's approved representative that the property owner has received training on the proper installation and service of the system. The maintenance service agreement must conspicuously disclose that the property owner has the right to maintain his or her own system and is exempt from contractor registration requirements for performing construction, maintenance, or repairs on the system but is subject to all permitting requirements.

5. The property owner shall obtain a biennial system operating permit from the department for each system. The department shall inspect the system at least annually, or on such periodic basis as the fee collected permits, and may collect system-effluent samples if appropriate to determine compliance with the performance criteria. The fee for the biennial operating permit shall be collected beginning with the second year of system operation.

6.5. If an engineer-designed system fails to properly function or fails to meet performance standards, the system shall be re-engineered, if necessary, to bring the system into compliance with the provisions of this section.

Disclosure of Interest

In an abundance of caution, I am disclosing the below facts: The House approved the proposed GAA (HB 5001/SB 1500) as amended on April 12, 2013. A payment on a claim against the state for Marissa Amora was included in the GAA. I wish to advise you, the Members of the Florida House of Representatives, and the public, that my brother, Michael Corcoran is a registered lobbyist who represented Ms. Amora and may receive a special private gain from the passage of the legislation.
